(Copy of ordinance and correspondence submitted to each Member of the Council)

A motion directing the City Clerk to place this ordinance on the August 8, 1984 Calendar of the Municipal Council for first reading was made by Councilman Martinez, seconded by Councilman Carrino.

Councilman Tucker said this is the same legislation we received before in which we are dealing with a lump sum payment. There is no asset in this particular legislation for the City of Newark but an asset to the person who will be in receipt of this money. His concern is that he doesn't believe that a policeman nor a fireman is any kind of special employee. When other employees receive a lump sum it is negotiated in which the City in some way receives a benefit and so does the employee.

Councilman Martinez said a fireman would not get any more money with this if he took the normal 6 months. The benefit to the City would be is that most of these firemen have been here 25 or 30 years on the job and most of them are up there in age and receiving a higher pay. If the City were to use this properly, by hiring new firemen to replace those elderly firemen it certainly would be an asset to the City.

Yes: Councilmen Branch, Carrino, James, Martinez, Rice, Villani, President Grant.

BOARD OF ADJUSTMENT - APPEAL.

- 4-A-1. The City Clerk read In the Matter of Application of M & L Construction Company, Incorporated, so as to permit in a 2nd Industrial District construction of a 1-story commercial garage and a 2-story office building and creating 2 main buildings on the lot; for premises 224-238 McWhorter Street.
(Muddie Green, Antonio Ferreira and Anthony DeLuca, Appellants)

August 8, 1984

The Board of Adjustment at its regular meeting held May 22, 1984, approved the application by 6 Ayes, 1 Nay, 1 Not Voting and 1 Absent.

An appeal in this matter was filed in the Office of the City Clerk on June 11, 1984, by Ms. Muddie Green, Mr. Antonio Ferreira and Mr. Anthony DeLuca.

The transcript in connection with this matter was received July 16, 1984 and each Member of the Council was furnished with a copy of the transcript and other parts of the record.

On July 16, 1984, the Deputy City Clerk notified the applicant, the applicant's attorney, the appellants and objectors that an appeal in this matter would be heard by the Municipal Council at their regular meeting August 8, 1984, at 1:00 P.M., in the Council Chamber, Second Floor, City Hall, Newark.

President Grant stated we will now hear oral argument on the appeal from the decision of the Board of Adjustment in the Matter of Application of M & L Construction Company, Incorporated, so as to permit in a 2nd Industrial District construction of a 1-story commercial garage and a 2-story office building and creating 2 main buildings on the lot; for premises 224-238 McWhorter Street. We may hear argument only from the parties to the appeal, that is the person or persons who filed the appeal and the one who was granted the variance. Either party may be represented by an attorney. No testimony will be heard by the Municipal Council, only argument based on the record made before the Board of Adjustment. For the benefit of the parties who are not represented by an attorney, that means that they may state the reasons for their position on the variance and they may point to testimony before the Board to support their position. However, they cannot bring in new testimony or other evidence.

This is the time and the place for the appeal to commence.

MR. STANLEY J. HAUSMAN, ESQ., 7 CLEVELAND STREET, CALDWELL, NEW JERSEY
(Representing the appellants, Ms. Muddie Green, Mr. Antonio Ferreira and Mr. Anthony DeLuca) stated he wanted to bring to the attention of the Council Members certain factors that may be of significance to the appeal.

Councilman Martinez noted with respect to the appeal from the decision of the Board of Adjustment granting a variance to construct a one-story commercial garage and a two-story office building and creating two main buildings on a lot at 224-238 McWhorter Street, he has been advised that the applicant for the variance intends to request the Board vacate its decision granting the variance because of the community opposition to the project.

A motion to remand this matter to the Board of Adjustment for further action consistent with the request of the applicant was made by Councilman Martinez, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, Martinez, Rice, Tucker, Villani, President Grant.

Mr. Hausman stated he would not stand in opposition to that decision. He added if at any time the applicant decided to change their withdrawal, then he would like the opportunity to return to the Municipal Council.

6-Ph, S & T-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage.

Ordinance setting forth a policy for the City of Newark prohibiting the investment or handling of municipal funds or bonds with any institution having a financial relationship with the Republic of South Africa or with commercial entities doing business in or with the Republic of South Africa; further, prohibiting all appearances and performances (in any facility that is owned, leased or regulated by the City of Newark) by any person who has performed or entertained in the Republic of South Africa.

WHEREAS, the citizens of the City of Newark whose population consists of approximately 192,000 persons of African American Heritage is uniquely mindful of the many struggles of our forefathers to uphold the principles of Freedom, Justice and Equality for all; and

WHEREAS, the people of the City of Newark recognize the moral responsibility of communities to continually take positive steps toward ensuring that full human rights are obtained by all people and that racial segregation is abolished; and

WHEREAS, the Republic of South Africa, whose population is composed of some 27 million Africans, 4 million whites and 3 million from mixed groups, is a land whose government continues to legislate legally entrenched racial segregation practices; and

WHEREAS, such practices of separateness, which translates to apartheid, are a system that enables a small white minority to maintain political, social and economic control of the Black majority and effectively precludes their voices and participation in the affairs of South Africa; and

WHEREAS, although South Africa is a land of great physical beauty and riches, and is the world's largest producer of gold, gems, diamonds and copper, its blatant denial of the fundamental prerogative of human dignity to the majority of South Africa's population has caused many state and local governments in this nation to attack this policy of racial discrimination by enacting legislation prohibiting their respective governments from engaging in economic activities with the Republic of South Africa; and

WHEREAS, in support of the continued efforts by the United Nations, Members of the United States Congress and domestic governments condemning the practice of apartheid, the Governing Body of the City of Newark does hereby set forth the municipal policy providing for prohibition on authorized investments and handling of public funds with any financial institutions or companies doing business with the Republic of South Africa.

A special meeting of the Municipal Council of the City of Newark, New Jersey, was held on the above date in the Council Chamber, City Hall, Newark, New Jersey, at 2:10 P.M.

President Grant called the meeting to order and asked for roll call.

Present: Councilmen James, Payne, Rice, Tucker, Villani, President Grant, City Clerk Frank D'Ascensio, Clerk of the Municipal Council.

(Councilman Branch arrived at 2:18 P.M.)

Grant, Jr., calling a special meeting of the Municipal Council for Thursday, August 23, 1984, at 1:00 P.M., or as soon thereafter as practical, in the Council Chamber, City Hall, Newark, New Jersey, to discuss legislation which shall be considered in the awarding of a contract for providing security services for the City of Newark.

President Grant stated, "In accordance with New Jersey P.L. 1975, Chapter 231, Section 5, adequate notice of this meeting has been provided by notifying by mail the Newark Star Ledger and Elizabeth Daily Journal, and by posting on the designated bulletin board in the basement of City Hall and by filing in the Office of the City Clerk on December 13, 1983, the schedule of regular meetings and conferences of the Newark Municipal Council.

In addition, the notice of this meeting was similarly disseminated on August 21, 1984, at the time of its receipt. All persons who prepaid for advance notice of meetings also received copies of the notice as required by law."

RESOLUTIONS.

7-R-a. (S)

Resolution ratifying and supplementing findings and conclusions determining that Richard Iacobucci t/a Masters Investigative and Detective Agency was not the lowest responsible bidder in connection with bids received August 23, 1983, to provide security guard services for the City of Newark.

(Copy of resolution submitted to each Member of the Council)

A motion to adopt the resolution was made by President Grant, seconded by Councilman Payne and declared adopted by President Grant by the following votes:
Yes: Councilmen James, Payne, Rice, Tucker, Villani, President Grant.

President Grant mentioned he had asked Mrs. Mamie Hale, Assistant Purchasing Agent to come before the Council in reference to the security contract that was advertised for bids. He informed Mrs. Hale that the Municipal Council had voted that Masters Investigative and Detective Agency is not a responsible bidder. He asked Mrs. Hale to read the names of the companies that submitted bids.

Mrs. Mamie Hale, Assistant Purchasing Agent read the following names: Milton E. Melvin, 7 Federal Square, Newark, New Jersey; Argo Detective Agency, 427 Chestnut Street, Union, New Jersey; Nilsen Detective Agency, 333 North Broad Street, Elizabeth, New Jersey and Masters Investigative and Detective Agency, 44 Glenwood Avenue, East Orange, New Jersey.

President Grant said in view of the fact that Masters Investigative and Detective Agency has been deemed and concluded an irresponsible bidder, which then, from Mrs. Hale's list, in the aggregate, would represent the lowest responsible bidder? He said he understood there were two sections, one for armed, and one for unarmed.

Mrs. Hale stated there were two sections that were bidden on. One was for unarmed uniformed guards and the other was for armed uniformed guards. She said if the price was going to be taken as an overall price together, then Milton E. Melvin would be the lowest bidder. If each item was taken separately, the prices of the bids would read as follows: Argo Detective Agency would be the lowest bidder for item #1 - \$4.64/hour; Milton E. Melvin's bid was \$4.65/hour. On item #3, armed uniformed guard, the lowest bidder was Milton E. Melvin. His price was \$6.55/hour and Argo Detective Agency's price was \$6.64.

President Grant said that in the past, the Purchasing Department has had the latitude to award contracts in the aggregate. Is that correct?

August 23, 1984

August 23, 1984

Mrs. Hale replied in the affirmative.

President Grant said the aggregate would then be Milton E. Melvin. He asked what the trade name of the company was.

Mrs. Hale replied that Milton E. Melvin was trading as Melwill Corporation.

(Councilman Branch arrived at 2:18 P.M.)

President Grant stated the security contract should be awarded to Milton E. Melvin, t/a Melwill Corporation, lowest responsible bidder, and contingency be that bidder must submit the affidavit concerning, if any, prior criminal conviction; further, bid be reviewed by Acting Corporation Counsel.

7-R-b. (S) Resolution authorizing Business Administrator to enter into contract with Milton E. Melvin, t/a Melwill Corporation, 7 Federal Square, Newark, New Jersey, to provide security services at various locations at rates set forth in their bid, received July 31, 1984. HEARINGS OF CITIZENS.

MR. OTIS LAMAR ROEBUCK, 42 CHANCELLOR AVENUE, NEWARK addressed the Municipal Council with respect to the taxicab industry. He advised the Council they were attempting to negotiate with Teamsters Local 462 out of Metuchen. He expressed his concerns that the Council be aware they were working diligently to clean up the image of the taxicab industry. He noted there has been improvement in this industry but there was also the need for a better screening process as to the caliber of individuals coming into the business. There is no consistency or mechanism to have a check and balance.

President Grant commended Mr. Roebuck for his efforts in this matter.

Councilman Tucker opined that as the Governing Body of this City they could not address the matter of a labor agreement. He opined that the taxicab industry has had a tremendous improvement but still needed further improvement in the area of the airport.

6-HC-b.

MS. ROCHELLE DAVIS, 661 MARTIN LUTHER KING BOULEVARD, NEWARK, addressed the Municipal Council requesting their help in obtaining a tax exemption for the property of the Soul Business Church of God in Christ. She noted the property is used for religious purposes.

President Grant directed the City Clerk to communicate with Acting Corporation Counsel John Pidgeon requesting that a meeting be arranged as soon as possible with Ms. Davis to review the church's tax status and to take whatever steps are necessary to provide the church with any exemption or refund to which it may be entitled under law.

President Grant stated that several speakers are listed to address the Council with reference to the establishment of a methadone clinic on a site presently housing a day care center. He advised that at the appropriate time in this meeting the Members of the Council would vote unanimously to adopt a resolution expressing their opposition to the establishment of the clinic at this site.

6-HC-c.

MR. CLARENCE HUTCHINGS, 202 ORANGE STREET, NEWARK.

6-HC-d.

MR. OSCAR STAFFORD, 167 JAMES STREET, NEWARK.

The above two citizens addressed the Municipal Council expressing their concerns that the Council do everything possible to assure that this clinic would not be located in the building with the New Hope Day Care Center.

Councilman James expressed his opinion that we should not expose our young children to such a spectacle and noted it was important for all to work together to combat the increasing use of drugs in this community.

Councilman Tucker noted that at no time in the pre-meeting conference did the State give a definitive answer regarding the Sussex Avenue site. He noted the State had indicated that a committee had been established to study other locations for these two methadone maintenance clinics but did not completely eliminate the Sussex Avenue location as an option.

Councilman Payne opined that the State, by no longer providing the services, has put the programs in the hands of entrepreneurs. He suggested that a mechanism be developed to resolve these problems.

Councilman Branch indicated that the State should build facilities or provide space in a hospital away from the neighborhoods rather than to establish more drug programs within the communities especially in buildings with day care centers.

Councilman Rice opined that something should be built out near the airport and that a timetable should be established for completing these programs.

A motion to permit Mr. Robert Kerr to be heard under Hearings of Citizens was made by President Grant, seconded by Councilman Branch and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Payne, Rice, Tucker, Villani, President Grant.

6-HC-e.

MR. ROBERT KERR, REPRESENTING NEWARK UNITED GARDENERS, addressed the Municipal Council with reference to the many benefits provided by the beautification of vacant lots and in addition to the improvement of the lots the decrease of crime. He questioned the ordinance dealing with County taxes and the payment of insurance.

Councilman Branch opined that if the gardeners receive no revenues from the property they used, he questioned why they should have to pay taxes. He noted it is the City's responsibility to clean up the lots so it is wrong to require those who are cleaning them up to pay taxes.

Councilman Tucker stated the questions is whether the City or the individual will pay the County taxes. He noted the taxes must be paid. He advised that the individuals who leased the land must purchase insurance that would hold the City harmless.

Mr. Leo Schwartz, Assistant Corporation Counsel, advised that the term of the lease is based on harvest time and did not think the City could go into a lease any longer than that. He opined that insurance should be the concern of the tenant.

6-HC-f.

MS. JOSEPHINE B. CHANDLER, 59 WRIGHT STREET, NEWARK REPRESENTING NEWARK UNITED GARDENS, addressed the Municipal Council with an appeal to consideration of the timetable needed to successfully grow various plants and crops in carrying out lease arrangements.

Councilman Rice indicated that he supports the "Adopt-A-Lot" program but noted that he would not condone gardening taking the place of ratables.

6-HC-g.

MS. CONNIE R. MORANT, 23 CLEREMONT AVENUE, addressed the Municipal Council with respect to her opposition in placing the methadone clinic in the same building as a day care center.

6-HC-h.

MS. HELEN H. POCH, 687 SUMMER AVENUE, NEWARK, addressed the Municipal Council with reference to the positive side that gardeners have eased the City's burden by providing free labor to clean up the lots. She also noted that in all the years of community gardening there has not been an insurance claim against anyone connected to a public or private garden.

September 5, 1984

Ms. Poch requested information on ways to address County and State representatives with reference to community problems.

Councilman Payne advised that every second meeting of the Board of Freeholders is held at the Hall of Records.

A motion to consider at this time Motion 7-M-a. was made by Councilman Tucker, seconded by President Grant and declared adopted by President Grant by the following votes:

REVEREND JACK MARTIN, PASTOR, BLESSED SACRAMENT CHURCH, NEWARK, addressed the Municipal Council and commended them for the adoption of their ordinance in regard to South Africa. He also commented on the resolution in regard to "Adopt-A-Lot" allowing property to be taken away within 30 days.

Councilman Tucker reiterated that Motion 7-M-a. adopted at this meeting eliminates the proviso dealing with County taxes, establishes a rent of \$1.00 per year and establishes that approval of lots must come before the Council. He noted there was no proviso dealing with a time frame. He advised this motion directs that the original resolution be amended to include these changes.

(Copy of ordinance submitted to each Member of the Council)

A motion to adopt the ordinance on first reading was made by Councilman Tucker, seconded by Councilman Rice.

Councilman Tucker said Council discussed this matter at the pre-meeting conference with the Bond Counsel. There are two basic rating agencies that exist in the United States; Standard and Poor and Moody's. What this ordinance does is weigh Standard and Poor and Moody's. If they don't get a bond rating from either one of them they will not have a bond.

President Grant said the ordinance has two separate items. One has to do with the prohibition of City of Newark investing in South Africa and the other part is prohibiting any person who performed in South Africa from performing in any City-owned buildings in the City of Newark. He questioned if Councilman Tucker would consider separating the ordinance. One in terms of a person who would be performing in Newark or proposed performance who may in fact performed in South Africa in the past and made commitments or will make commitments they will not perform in the future. He further questioned whether we would be penalizing them because they performed there before.

Councilman Tucker said he has no problem in discussing the latter portion but the only problem is that this item is on the agenda to deal with the bond sale. They can discuss the timeframe at the next meeting. He knows the International Committee of Apartheid has a debate on this issue.

At the conclusion of a lengthy discussion, President Grant directed that the City Clerk place this item on the September 25, 1984 Special Conference and invite the appropriate principles to meet with the Council.

Councilman Carrino stated that it has been recommended by the Housing Authority that they are going to construct 184 units of low and moderate income townhouse buildings; the first of which they will have in the North Ward. Several of the people who were influential for this project becoming a reality are the Broadway merchants who are present in the audience tonight. Councilman Carrino noted the Housing Authority must break ground before February 1st in order to receive the money.

Councilman Tucker pointed out when these projects originally came through there was a question about whether or not a minimum price would be set by the City that the Housing Authority would give the City. He is in favor of this ordinance and felt they would get their money from the Housing Authority.

Councilman Tucker, through the Chair, requested the City Clerk to communicate with Executive Director Buck, Newark Housing Authority requesting that they pay the City of Newark the land costs so that the City will be in receipt of some dollars for turning over this land to them.

Councilman Carrino said this is not private housing because they couldn't come up with any private developers. It is going to be built and maintained by the Housing Authority.

Councilman Payne mentioned that when these new projects go up it makes him sad to see the negative environment left in the area.

Councilman Rice said that he will be supporting Councilman Carrino to monitor any groundbreaking to insure that any of the negative element that exists on that strip will be removed at this location.

President Grant stated he will be voting in the affirmative on this ordinance because housing is not merely "brick and mortar" but people; and decent and sanitary housing is very much needed in the City of Newark.

HEARINGS OF CITIZENS.

6-HC-a. MS. JOSEPHINE CHANDLER, 57 WRIGHT STREET, NEWARK, NEW JERSEY, addressed the Municipal Council pointing out the difficulty of purchasing City-owned lot adjacent to her property.

After a lengthy discussion, President Grant directed the City Clerk to forward verbatim transcript of remarks made by Ms. Chandler to Administrative Aide Lembo, Office of Real Property.

6-HC-b. MR. GERARD PASTORE, 144 HELLER PARKWAY, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to the deplorable conditions existing at the senior citizen building owned by the Housing Authority at 815 North 6th Street, especially the elevators.

After a lengthy discussion, President Grant directed the City Clerk to invite Executive Director Buck, Newark Housing Authority and Mr. Gerard Pastore to meet with the Council at a future special conference.

6-HC-c. MR. FRANK HURTZ, 402 MOUNT PROSPECT AVENUE, NEWARK, NEW JERSEY, addressed the Municipal Council requesting clarification of the Rent Control Ordinance, especially the definition of "room".

After a lengthy discussion, President Grant felt this matter should be discussed at a special conference together with the Rent Control Office, Law Department and Mr. Hurtz.

6-HC-d. MR. MANUEL TIRADO, 9 SOUTH STREET, NEWARK, NEW JERSEY, addressed the Municipal Council congratulating them for their courage in opposing the relocation of any Methadone Maintenance Centers. The speaker questioned where the proposal is now and would like to keep abreast of its progress.

President Grant replied that the Municipal Council at their last meeting unanimously adopted a resolution opposing the proposed site at Sussex Avenue and also the proposed site on South Broad Street. This resolution was merely good faith and intent by this Body to the residents of both areas and that they support their efforts. The State in fact has imminent domain and literally can do anything they want to do.

309

Councilman Rice noted there is a Committee that has been operating and were given a six week period to come back with recommendations in terms of location. He stated that it will be located in one of the five Wards. He feels that this Center should be located in lands that are barren and not be placed in residential communities.

Councilman Tucker said the Council has made its position known on that and what will happen is that a determination will be made by the State. In a meeting with them before they indicated that they were considering the South Broad Street site. The resolution they approved was sent to Mr. Richard Russo, Division of Narcotics, State of New Jersey with copies to their legislative representatives, Assembly persons and State representatives. There are ordinances that they have to go through the Board of Adjustment to obtain a variance.

Councilman Payne stated that no one wants it because they have a total residential area in the South Ward. He echoed that the City Council has no jurisdiction on where the center would be located. It is up to the State.

Councilman James stated that President Grant was very clear in stating the Council's policy and felt the community-at-large must come alive, the churches and the schools. If they continue to have a permissive environment; having young people smoke marijuana, etc. at an early age and it goes unnoticed and they can sit and continue to fight every day for the establishment of methadone maintenance clinics because it is going to be a by-product of a permissive environment.

6-HC-e.

MR. JAMES BENJAMIN, 17 LOMBARDY STREET, NEWARK, NEW JERSEY, addressed the Municipal Council with respect to letter forwarded to Dr. Foti, Acting Superintendent of Schools, to reconsider a decision on one of his staff Members.

There was a lengthy discussion held with respect to the termination of the Security Officer at the Board of Education.

6-HC-f.

Resolution authorizing Mayor to execute Fifteenth Supplemental Agreement with the Port Authority of New York and New Jersey, for improvement, development, operation and maintenance of the Newark Marine and Air Terminals and for the lease of the said Marine and Air Terminals.

Yes: Councilmen Branch, Villani, President Grant.

Not Voting: Councilmen Carrino, James, Martinez, Payne, Tucker.

A motion to defer action on the resolution was made by Councilman Payne, seconded by Councilman James.

Councilman Martinez stated the reason this resolution should be deferred is to have the City's External Auditors, Samuel Klein and Company, immediately commence a review and fiscal analysis of said proposed lease with the Port Authority and prepare a report which would include their findings and recommendations. He also requested a meeting be set up with representatives from the Port Authority.

Councilman James thanked the Members of the negotiating team for bringing this proposal to the Council's attention.

Councilman Payne was in agreement for further discussions on the proposed lease. He felt the Council should look at other ways in terms of affirmative action.

Councilman Tucker said any final negotiations would have to take into consideration the subject of income. He felt that revenue that comes in should not go back into the General Fund. He also suggested that the residents of the City should have an opportunity towards employment when and if this lease is accepted.

411

President Grant directed the City Clerk to cancel all items scheduled to be discussed at the October 23, 1984 special conference and to have Mayor Kenneth Gibson, Business Administrator Elton Hill, Samuel Klein and Company, External Auditors and representatives from the Port Authority invited to attend the October 23, 1984 special conference, at 10:00 A.M. for discussion on financial arrangements involved in the proposed Newark Airport Lease Agreement.

Councilman Branch queried as to what would happen if a vote was not taken.

President Grant informed the Council Members that the interest of the monies would accrue.

Councilman Branch suggested all monies be placed into surplus funds so the Council could do what they saw fit with it. He stated this would have an impact on the taxpayers in the City.

Councilman Tucker asked if this proposed lease agreement could be placed on the November 7th meeting.

Councilman Carrino asked Assistant Business Administrator Banker if the City would receive \$11,000,000. in a lump sum.

Mr. Thomas Banker, Assistant Business Administrator, explained that payment of the 1983 and 1984 additional amounts would be received upon the execution of the lease agreement. He added in the \$11,000,000., the City would be receiving 10% a year, which would be \$4,000. a day in interest.

Councilmen Payne and James withdrew their motion to defer action on the resolution.

President Grant called for those desiring to be heard on the ordinance to approach the rail, give their name and address and be heard.

No one appearing, a motion to close the hearing and adopt the ordinance, as advertised, on second reading and final passage was made by Councilman Martinez, seconded by Councilman Tucker.

Councilman Martinez stated this was a transfer of property to the Housing Authority for the purpose of conveying the property to a developer.

Councilman Carrino questioned why, if this Council has passed an ordinance that took away the development from the Housing Authority, land is still being conveyed to the Housing Authority.

Councilman Tucker stated the Riverfront Project is an old Urban Renewal Project. He noted that in the ordinance taking away the development it was stated the Housing Authority had the right to close out all Urban Renewal Projects they had entered into.

Councilman James requested, through the chair, that this matter be discussed at a future meeting to address who is going to handle redevelopment.

A motion to amend the ordinance by adding "for the amount not less than \$100,262. or any greater amount which United States Department of Housing and Urban Development may approve" was made by Councilman Martinez, seconded by Councilman Tucker and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

The City Clerk stated that the ordinance, as amended, will be advertised in accordance with law and a public hearing will be held on the amendment to the ordinance, and the ordinance, as amended, will be considered for further action on November 7, 1984.

HEARINGS OF CITIZENS.

6-HC-a.

REVEREND LAWRENCE POWELL, 816 SOUTH 18TH STREET, NEWARK addressed the Municipal Council with respect to lots being cleaned, vacant houses being boarded up, streets not being swept regularly, cars doubled parked and the apathy of the citizens and the City. He also expressed concern about the "Chandelier" staying open all night.

President Grant requested that Reverend Powell submit to his office the exact locations and he would forward this information to Administration.

Councilman Payne indicated some of the individuals given raises this evening were responsible to alleviate these problems. He stated they must be held responsible.

Councilman Payne suggested individuals take these same complaints to the Mayor's Office since that office is responsible for the administration of this City.

MR. ARNOLD COHEN, 48 READ STREET, NEWARK, NEW JERSEY.

The above residents addressed the Municipal Council with respect to the Resource Recovery Plan proposed for Blanchard Street. All of the citizens expressed their concerns about health problems, the recent discovery of a number of area warehouses in which potential lethal chemicals are stored and said that this decision was in the hands of the Council. All of the citizens opposed this plant.

6-HC-h.

MR. FRANK HURTZ, 402 MOUNT PROSPECT AVENUE, NEWARK, NEW JERSEY, addressed the Council with respect to the Rent Control Ordinance. He opined it was an unjust law and should be amended or repealed as it is a tremendous burden on taxpayers of Newark.

MR. ARMANDO B. FONTOURA, 3 CRESCENT DRIVE, FAIRFIELD, NEW JERSEY.

The above citizens addressed the Municipal Council expressing their concerns about the construction of a Resource Recovery Plant in the Ironbound. They pointed out there would be increased noise pollution, destruction of roads, traffic problems, negative impact on recycling, the fact County officials did not consult with Ironbound residents and the construction of this plant in a more centrally located site rather than dumping in Newark. All the citizens reiterated the fact the Council should strongly oppose this plan being constructed anywhere in this City.

Councilman Martinez commented that if area residents had been present when this memorandum of understanding on resource recovery was first on the agenda in 1982 it would not have been voted on affirmatively. He noted that the present message from the community is that no one wants this plant located in their backyard.

Councilman Martinez suggested that under motions he would request that the second meeting in November be set aside to discuss this issue and that the public be invited.

October 17, 1984

Councilman Tucker noted the original site for the resource recovery plant the County is recommending now was originally selected by the City, not by the County. It was selected by the Department of Engineering, recommended and approved by the City Council. The memorandum of understanding sets into motion the process of negotiation between the Port Authority, County and City. A consultant firm was hired by this Council to look into this matter and their recommendation has been submitted to the Port Authority and the County. Presently that recommendation has not been returned. The issue is whether or not that particular plan is going to be of benefit to the citizens of Newark. It is a major and very critical issue and will have to be handled straight-forward by the Members of this Council.

A motion to permit Lee Wiggins, Arlene Henry, Lawrence Hamm, Patricia Bradford and Yvonne Stafford to be heard under "Hearings of Citizens" was made by Councilman James, seconded by President Grant and declared adopted by President Grant by the following votes:

Yes: Councilmen Branch, Carrino, James, Martinez, Payne, Rice, Tucker, Villani, President Grant.

Councilwoman Villani read the following resolution:

It does hereby recognize and commend Debra James, President of the Parent Organization at New Hope Day Care Center, for her outstanding leadership in the successful campaign to prevent establishment of a methadone clinic for drug abusers in the same building as the day care facility; out of the deepest concern for her daughters, Marketta and Crystal, and all the children enrolled in the New Hope Center, Ms. James effectively mobilized parents and community leaders, and made many eloquent appeals to local and state officials to stop any attempt to move a state-supported narcotics clinic to the same location as the day care center; it was largely because of her efforts that the State abandoned its plans, and 60 innocent children have been spared from sharing a building with 200 hard-core drug addicts; and the Council does further commend Ms. James on the splendid example she has set as a mother, a nursing student, and a grassroots leader with the talent and courage to fight for a better community.

16A:1-8. County approval.

Whenever review or approval of an application by the county planning board is required pursuant to C.40:27-6.3 or C.40:27-6.6, the planning board shall condition any approval that it grants upon timely receipt of a favorable report on the application by the county planning board or approval by the county planning board by its failure to report thereon within the required time period.

Section 4. That Section 16A:2-5 of Chapter 2, Board of Adjustment, Title 16A, Land Use Procedures, of the Revised Ordinances of the City of Newark, New Jersey, 1966, as amended and supplemented, be amended to read in its entirety as follows:

16A:2-5. Powers and duties.

The board of adjustment shall have the following powers and duties:

(a) To hear and decide appeals where it is alleged by the appellant that there is error in any order, requirement, decision or refusal made by an administrative official or agency based on or made in the enforcement of the zoning ordinance.

(b) To hear and decide requests for interpretation of the zoning map or ordinance, or for decisions upon other special questions upon which the board is authorized by the zoning ordinance to pass.

(c) (1) Where (a) by reason of exceptional narrowness, shallowness or shape of a specific piece of property, (b) or by reason of exceptional topographic conditions or physical features uniquely affecting a specific piece of property, or (c) by reason of an extraordinary and exceptional situation uniquely affecting a specific piece of property or the structures lawfully existing thereon, the strict application of any regulation in the zoning ordinance would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the developer of such property, to grant, upon an application or an appeal relating to such property, a variance from such strict application of such regulation so as to relieve such difficulties or hardship; (2) where in an application or appeal relating to a specific piece of property the purposes of this act would be advanced by a deviation from

the zoning ordinance requirements and the benefits of the deviation would substantially outweigh any detriment, to grant a variance to allow departure from regulations in the zoning ordinance; provided, however, that no variance from those departures enumerated in subsection (d) below of this section shall be granted under this subsection; and provided further that the proposed development does not require approval by the planning board of a subdivision, site plan or conditional use in conjunction with which the planning board has power to review a request for a variance pursuant to C.40:55D-60(a).

(d) In particular cases and for special reasons, to grant a variance to allow departure from the zoning ordinance to permit (1) a use or principal structure in a district restricted against such use or principal structure; (2) an expansion of a nonconforming use; (3) deviation from a specification or standard pursuant to C.40:55D-67 pertaining solely to a conditional use; (4) an increase in the permitted floor area ratio as defined in C.40:55D-4; (5) an increase in the permitted density as defined in C.40:55D-4 except as applied to the required lot area for a lot or lots for detached one or two dwelling unit buildings which lot or lots are either an isolated undersized lot or lots resulting from a minor subdivision. A variance under this subsection shall be granted only by affirmative vote of at least five members of the board.

(e) To direct issuance of a permit pursuant to C.40:55D-34 for a building or structure in the bed of a mapped street or public drainage way, flood control basin or public area reserved on the official map.

(f) To direct issuance of a permit pursuant to C.40:55D-36 for a building or structure not related to a street.

(g) To grant to the same extent and subject to the same restrictions as the planning board subdivision or site plan approval pursuant to C.40:55D-37 et seq. or conditional use approval pursuant to C.40:55D-67 whenever the proposed development requires approval by the board of a variance pursuant to C.40:55D-70(d). The developer may elect to submit a separate application requesting approval of the variance and a subsequent application for any required approval of a subdivision, site plan or conditional use. The separate approval of the variance shall be conditioned upon grant of all required subsequent approvals by the board of adjustment. No such subsequent approval shall be granted unless such approval can be granted without substantial detriment to the public good and without substantial impairment of the intent and purpose of the zone plan and zoning ordinance. The number of votes of board members required to grant any such subsequent approval shall be as otherwise provided in C.40:55D-1 et seq. for the approval in question, and the special vote pursuant to C.40:55D-70(d) shall not be required.

No variance or other relief may be granted under the terms of this section unless such variance or other relief can be granted without substantial detriment to the public good and will not substantially impair the intent and the purpose of the zone plan and zoning ordinance. In respect of any airport hazard areas delineated under the Air Safety and Hazardous Zoning Act of 1983, C.6:1-80 et seq., no variance or other relief may be granted under the terms of

this section permitting the creation or establishment of a nonconforming use which would be prohibited under the standards promulgated pursuant to that act except upon issuance of a permit by the Commissioner of Transportation.

Any application under any subsection of this section may be referred to any appropriate person or agency, including the planning board, for its report and recommendation, provided that reference of any application under any subsection of this section shall not extend the period of time within which the board of adjustment shall act.

In granting a variance permitting the erection or alteration of any structure or structures or permitting a specific use of any premises, the board of adjustment may provide that the variance shall expire by limitation unless such construction or alteration shall have been actually commenced on each and every structure permitted by said variance or unless such permitted use has actually been commenced within a specified period of time from the date of publication of the notice of the judgment or determination of the board of adjustment but in no event less than one year; except, however, that the running of the period of limitation herein provided shall be tolled from the date of filing an appeal from the decision of the board of adjustment to the governing body, or to a court of competent jurisdiction, until the termination in any manner of such appeal or proceeding.

The period for granting or denying any subsequent approval shall be as otherwise provided in C.40:55D-1 et seq. I am returning to you herewith the above ordinance which I cannot approve as to form and legality.

In order to qualify for relief under N.J.S.A. 54:4-3.6c a religious organization must demonstrate that it would have been exempt from taxation pursuant to N.J.S.A. 54:3-6 had it filed a timely claim for exemption. The facts set forth in the supporting affidavit of Mr. Jim Motley (a copy of which is attached) establishes that the property was not purchased by the Christian Love Baptist Church until December 30, 1982. Since state law provides that the tax status of prop-

erty must be determined by the use of the property on October 1st of the pre-tax year, N.J.S.A 54:4-23, and the Church did not own the property as of October 1, 1982, there is no legal basis for granting tax exemption for the year 1983.

If your staff or the members of the Municipal Council have any questions regarding the foregoing, I would be pleased to meet with them to discuss the matter.
